Independent Auditor's Report

Board of Directors Housing Authority of the County of Lebanon

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activity and the discretely presented component unit of

the Housing Authority of the County of Lebanon (Authority), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statements of the Palmyra Housing Development Corporation of Lebanon County, Inc. were not audited in accordance with *Government Auditing Standards*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Board of Directors Housing Authority of the County of Lebanon Independent Auditor's Report Page 2 of 3

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activity and the discretely presented component unit of the Authority, as of June 30, 2019, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and historical other post-employment benefit information on pages i through viii and pages 30 and 32, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during the audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's basic financial statements. The financial data schedules and actual modernization cost certificate are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

Board of Directors Housing Authority of the County of Lebanon Independent Auditor's Report Page 3 of 3

The financial data schedules, actual modernization cost certificate, and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the financial data schedules, actual modernization cost certificate, and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 14, 2020 on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

YEAR ENDED JUNE 30, 2019

Management's Discussion and Analysis

As management of the Housing Authority of the County of Lebanon (Authority), we offer the readers of the Authority's financial statements this narrative overview and analysis of the financial activities of the Authority for the year ended June 30, 2019.

Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Executive Director, Housing Authority of the County of Lebanon, 1220 Mifflin Street, Lebanon, PA 17046.

Financial Highlights

- The assets and deferred outflows of the Authority exceeded its liabilities and deferred inflows as of June 30, 2019 by \$13,145,582 (net position).
- The Authority's cash balance as of June 30, 2019 was \$5,027,427 representing an increase of \$194,109 from the cash balance at June 30, 2018.
- The Authority had intergovernmental revenue of \$4,461,719 in operating grants and \$943,224 in HUD Capital Grants for the year ended June 30, 2019.

Overview of The Financial Statements

The financial statements included in this annual report are those of a special-purpose government engaged in a business-type activity. The following statements are included:

- <u>Statement of Net Position</u> reports the Authority's current financial resources (short-term spendable resources) with capital assets and long-term debt obligations.
- <u>Statement of Revenues, Expenses, and Changes in Net Position</u> reports the Authority's operating and non-operating revenue, by major sources, along with operating and non-operating expenses.
- <u>Statement of Cash Flows</u> reports the Authority's actual cash outlay in three categories: operating, capital and related financing and investing activities.

Our analysis of the Authority as a whole begins on the next page. The most important question asked about the Authority's finances is, "Is the Authority, as a whole, better or worse off as a result of the year's activities?"

The attached analysis of entity-wide net position, revenues, and expenses is provided to assist with answering the above question. This analysis includes all assets, deferred outflows of resources, liabilities and deferred inflows of resources using the accrual basis of accounting.

MANAGEMENT'S DISCUSSION AND ANALYSIS

YEAR ENDED JUNE 30, 2019

Accrual accounting is similar to the accounting used by most private sector companies. Accrual accounting recognizes revenues and expenses when earned or incurred, regardless of when cash is received or paid.

Our analysis also presents the Authority's net position and changes in net position. You can think of the Authority's net position as the difference between what the Authority owns (assets and deferred outflows of resources) to what the Authority owes (liabilities and deferred inflows of resources). The change in net position analysis will assist the reader with measuring the health or financial position of the Authority.

Over time, significant changes in the Authority's net position are an indicator of whether its financial health is improving or deteriorating. To fully assess the financial health of any authority, the reader must also consider other non-financial factors such as changes in tenant composition, fluctuations in the local economy, HUD mandated program administrative changes, and the physical condition of the Authority's capital assets.

Analysis of Entity-Wide Net Position (Statement of Net Position)

Total Assets for FYE 2018 were \$14,813,442 and at FYE 2019 total assets was \$15,390,111. This represents an increase of \$576,669.

Cash increased by \$194,109 and **Other Current Assets** decreased by \$212,271 due to a reclassification of the receivable due from the Redevelopment Authority revolving fund.

Capital Assets increased by \$285,321 primarily due to the Steckbeck handicap accessible renovation project completion.

Deferred Outflows of Resources increased by \$1,640.

Current Liabilities increased from \$621,885 in FYE 2018 to \$859,418 in FYE 2019. This change of \$237,533 is primarily a result of increased accounts payable for capital fund projects at year end.

Non-current Liabilities decreased by \$172,902 which includes a decrease in long-term debt, net of current portion as a result of current year debt service payments.

Deferred Inflows of Resources decreased by \$4,122.

The table on the next page illustrates our analysis.

MANAGEMENT'S DISCUSSION AND ANALYSIS

YEAR ENDED JUNE 30, 2019

Analysis of Entity-Wide Revenue (Statement of Activities)

The Authority administers the following programs and the revenue generated from these programs during FYE 2019 was as follows:

| Business Activities | \$ 792,135 |
|--------------------------------|---------------------|
| Low Rent Public Housing | \$ 3,007,887 |
| Housing Choice Vouchers | \$ 3,521,979 |
| Capital Fund | \$ 1,041,524 |
| Supportive Housing | \$ 52,691 |
| Eliminate Intra Entity Charges | <u>\$ (617,081)</u> |
| Total Revenue | <u>\$7,799,135</u> |

In FYE 2018 and FYE 2019, total revenue was \$7,918,541 and \$7,799,135, respectively. Comparatively, FYE 2019 revenue was lower than FYE 2018 revenue by \$119,406. This is mainly due to an increase in Capital Fund revenue of \$265,000 and decreased subsidy funding for Section 8 - Housing Choice Vouchers and Supportive Housing programs. The Central Office also had decreased income for business activities due to property management contracts with tax credit properties being transferred.

Explanations for changes in expenses are as follows:

- **Total Operating Expenses** decreased by 13.91% or \$532,878 in FYE 2019, as compared to FYE 2018. This decrease is due mainly to decreased salary and benefit expenses.
- **Operating administrative** expenses decreased by \$458,828 or 25.56%, as compared to FYE 2018 due to decreased salary and benefit expenses.
- **Maintenance** expenses decreased by \$62,791 or 7.31%, as compared to FYE 2018. This was due to better overall maintenance management and less vacant unit turnover.

MANAGEMENT'S DISCUSSION AND ANALYSIS

YEAR ENDED JUNE 30, 2019

The financial result of Low Rent Public Housing and Capital Fund shows that revenues increased by \$550,199 mainly due to an increase in capital funding for the Steckbeck handicap renovation project and interest income. Expenses decreased by \$59,820 in FYE 2019, as compared to FYE 2018 due to regular fluctuations in operating expenditures.

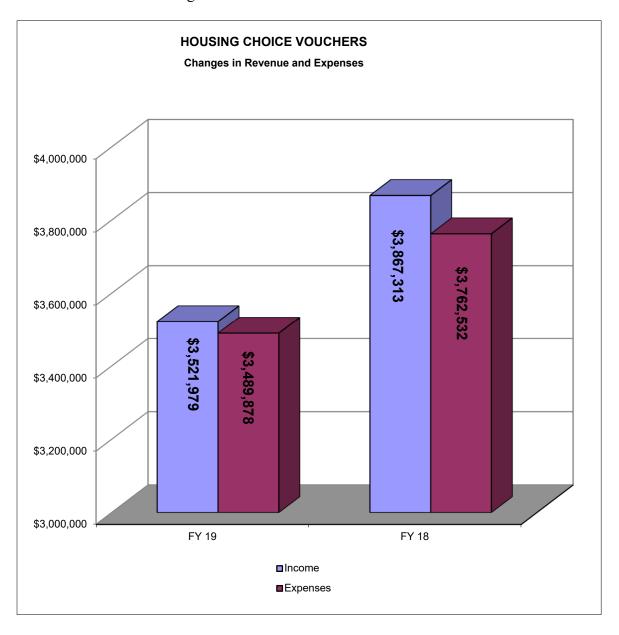

The graph below is provided to assist with understanding this.

MANAGEMENT'S DISCUSSION AND ANALYSIS

YEAR ENDED JUNE 30, 2019

The financial result of Housing Choice Vouchers shows that revenue decreased by \$345,334 and expenses decreased \$272,654 due to reduced subsidy and voucher utilization in the voucher assistance program as compared to FYE 2018. The graph below is provided to assist with understanding this.

MANAGEMENT'S DISCUSSION AND ANALYSIS

YEAR ENDED JUNE 30, 2019

Analysis of Capital Asset Activity

Construction in Progress decreased by \$32,459 due to projects being completed before FYE 2019.

Accumulated Depreciation increased by \$816,401 or 3.6% due to purchased assets and the associated depreciation expense.

Analysis of Debt Activity

During the year ended June 30, 2019, the Authority's only debt activity was to pay the required principal payments on the bond.

<u>Currently Known Facts, Decisions, or Conditions Expected to Impact</u> <u>Financial Position or Results of Operations</u>

Currently, we are anticipating decreased funding for Section 8 and Public Housing programs due to the consideration of federal budgets being cut. At this time, we do not know the expected impact on financial position or results of operations.

1. Summary of Significant Accounting Policies

Reporting Entity

The Housing Authority of the County of Lebanon (Authority) was established for the purpose of engaging in the development, acquisition, and administrative activities of the low-income housing program and other programs with similar objectives. The United States Department of Housing and Urban Development (HUD) has direct responsibility for administering the low-income housing program under the United States Housing Act of 1937, as amended. HUD is authorized to enter into contracts with local housing authorities to make grants to assist the local housing authorities in financing the acquisition, construction and/or leasing of housing units, and to make annual contributions (subsidies) to the local housing authorities for the purpose of maintaining the low-rent character of the local housing program.

The Authority's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements.

As required by GAAP, the basic financial statements of the reporting entity include those of the Authority and any component units. Component units are legally separate organizations for which the Authority is financially accountable. The Authority is financially accountable for an organization if the Authority appoints a voting majority of the organization's governing board and (1) the Authority is able to significantly influence the programs or services performed or provided by the organization, or (2) the Authority is legally entitled to or can otherwise access the organization's resources; the Authority is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the Authority is obligated for the debt of the organization. Component units also include organizations that are fiscally dependent on the Authority in that the Authority approves the budget, the issuance of debt, or the levying of taxes. Based upon the application of these criteria, the Palmyra Housing Development Corporation of Lebanon County, Inc. (PHDC) is included in the financial statements of the Authority as a discretely presented component unit. The separately published audit report of the component unit is available at the Authority's administrative offices.

PHDC is the general and/or limited partner in various tax credit partnerships. The component unit has a December 31 fiscal year-end and, as such, the financial statements of

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

the Authority as of and for the year ended June 30, 2019, include the fiscal activities of the component unit as of and for the year ended December 31, 2018.

PHDC was formed for the purpose of developing and operating a low-income housing project through Palmyra Housing Limited Partnership (Palmyra Partnership). As a general partner, PHDC contributed \$10 in cash for a 1% interest of the Palmyra Partnership's income or loss. On December 31, 2010, PHDC acquired a 99% limited partnership interest in Sixth and Willow Streets Limited Partnership (Sixth and Willow Partnership).

On December 31, 2014, the Partnership Agreement of the Palmyra Partnership was amended under the First Amendment to the Agreement of Limited Partnership. Under the First Amendment, the percentage interest of the general partner and limited partner in the Palmyra Partnership were amended to PHDC having a .01% interest in the Palmyra Partnership as the general partner and Nonprofit Housing Development Corporation of Lebanon County, Inc. (NPHDC) having a 99.99% interest in the Palmyra Partnership as the limited partner. For the year ended December 31, 2018, the losses were allocated 99.99% to the limited partner and 0.01% to the general partner.

The Annville Partnership was formed on July 20, 1998 as a limited partnership under the laws of the Commonwealth of Pennsylvania for the purpose of acquiring, owning, maintaining, improving, and operating a 22-unit low-income housing complex located in Lebanon County, Pennsylvania. Rental operations commenced on November 1, 1999.

On January 1, 2015, Wells Fargo and PHDC entered into an Assignment and Assumption Agreement whereby Wells Fargo assigned and transferred, without recourse, its 99.99% limited partner interest in the Annville Housing Limited Partnership (Annville Partnership), for the sum of \$100, to PHDC, a "substituted limited partner."

The Palmyra Partnership, Sixth and Willow Partnership, and Annville Partnership are reported within PHDC.

Basis of Accounting

The accounts of the Authority are organized on the basis of funds, each of which is considered a separate accounting entity. The Authority has created a number of funds within the enterprise fund. Each fund is accounted for by a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position, revenues, and expenses. The individual funds account for

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

the resources allocated to them for the purpose of carrying on specific programs in accordance with laws, regulations, or other restrictions, including those imposed by HUD.

The Authority's financial statements are presented using the accrual method of accounting, under which revenues are recorded in the period they are earned and expenses are recorded when the liability is incurred.

The funds of the Authority are all considered proprietary fund types. The Authority's proprietary fund is an enterprise fund, which is used to account for activities that are operated in a manner similar to those found in the private sector. A summary of each program administered by the Authority included in the financial statements is provided to assist the reader in interpreting the basic financial statements. These programs constitute a majority of the programs operated by the Authority. The programs included in this category are as follows:

<u>Low Rent Public Housing Program</u>: This program accounts for all activities and projects of the Public Housing programs. The programs provide low-rent housing to qualified residents of the County of Lebanon. All units are owned and operated by the Authority and were purchased with financing arranged or provided through HUD.

<u>Housing Choice Voucher Program</u>: This program accounts for all of the activities of the Section 8 programs. Currently, the Authority maintains only a Section 8 Housing Choice Voucher Program. This program was authorized by Section 8 of the National Housing Act and provides housing assistance payments to private, not-for-profit, or public landlords to subsidize rentals for low-income persons. Under the Section 8 Housing Choice Voucher Program, the Authority administers contracts with independent landlords that own rental property. The Authority subsidizes the family's rent through a Housing Assistance Payment made to the landlord.

The Section 8 Housing Choice Voucher Program also allows for existing housing units to be used for low-income housing. HUD provides a contracted number of vouchers to the Authority, which can be used to provide rental payments to landlords for a specified number of housing units.

As part of Section 8 program, the Veteran's Affairs Supportive Housing program combines HUD rental assistance for homeless veterans with case management and clinical services provided by the Veteran's Affair Medical Center at its medical centers and in the community.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

<u>Public Housing Capital Fund Program</u>: The program accounts for all of the activities of the Capital Fund program. The purpose of this fund is to provide another source of funding to cover the cost of physical and management improvements and rehabilitation of existing low-income housing and improving the central office facilities. Funding for this program is provided by grants from HUD.

<u>Other Programs</u>: This accounts predominately for the financial activities of the Authority's supportive housing grants, house management accounts, and other projects managed by the Authority.

Operating and Non-Operating Revenues (Expenses)

Operating revenues and expenses consist of those revenues and expenses that result from ongoing principal operations of the Authority and PHDC. Operating revenues primarily consist of net tenant rental revenue and government grants. Non-operating revenues and expenses consist of those revenues and expenses related to capital items.

Use of Restricted and Unrestricted Resources

When both restricted and unrestricted resources are available for use, it is the Authority's policy to use restricted resources first, then unrestricted resources as they are needed.

The Authority's financial statements are presented using the accrual method of accounting, under which revenues are recorded in the period they are earned and expenses are recorded when the liability is incurred.

Budgets and Budgetary Accounting

Budgets are prepared on an annual basis for each major operating program and are used as a management tool throughout the accounting cycle. The Public Housing Capital Fund budgets are adopted on a "project length" basis. Budgets are not, however, legally adopted or required for financial statement presentation.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

Statement of Cash Flows

For purposes of the statement of cash flows, the Authority and PHDC consider all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Restricted Deposits and Funded Reserves

Under the terms of the respective Regulatory Agreement, the Sixth and Willow Partnership and the Annville Partnership are required to set aside specified amounts for the replacement of property and other project expenses. Mortgage escrow deposit accounts are held by Pennsylvania Housing Finance Agency (PHFA) for payment of real estate taxes and insurance. The reserve for replacement represents funds required to be set aside for the repairs and improvement of the facilities. Monthly required deposits were made in accordance with the PHFA Regulatory Agreement.

Fair Value Measurements of Restricted Deposits and Funded Reserves

Restricted deposits and funded reserves are reported at fair value with investment income included in the statement of revenues, expenses, and changes in net position. Valuation techniques and inputs used to develop fair value measurements are based on a fair value hierarchy.

Observable inputs are inputs that market participants would use in pricing the asset or liability based on market data obtained from independent sources. Unobservable inputs reflect assumptions that market participants would use in pricing the asset or liability based on the best information available in the circumstances. For Level 2 measurement, pricing inputs are other than quoted prices in active markets, which are either directly or indirectly observable, for which quoted prices are available but traded less frequently and investments that are fair valued using other securities, the parameters of which can be directly observed.

Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk. Inputs may include price information, volatility statistics, specific and broad credit data, liquidity statistics, and other factors. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. However, the determination of what constitutes "observable"

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

requires significant judgment by the Sixth and Willow Partnership and the Annville Partnership. The Sixth and Willow Partnership and the Annville Partnership consider observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market. The categorization of a financial instrument within the hierarchy is based upon the pricing transparency of the instrument and does not necessarily correspond to the Sixth and Willow Partnership or the Annville Partnership's perceived risk of that instrument.

Valuation of Restricted Deposits and Funded Reserves

Investments that trade in markets that are not considered to be active, but are valued based on quoted market prices, dealer quotations, or alternative pricing sources supported by observable inputs are classified within Level 2. These include certain U.S. government and sovereign obligations, most government agency securities, investment-grade corporate bonds, certain mortgage products, certain bank loans, and bridge loans, less liquid listed equities, state, municipal, and provincial obligations, most physical commodities, certain loan commitments, and negotiable certificates of deposit. As Level 2 investments include positions that are not traded in active markets and/or are subject to transfer restrictions, valuations may be adjusted to reflect illiquidity and/or non-transferability, which are generally based on available market information.

Internal Balances

Since the Authority's component unit reports on a December 31 fiscal year-end and is included in the June 30 Authority financial statements, amounts due between the component unit and the Authority may not net to zero.

Accounts Receivable

The Authority records the total amount of revenue billed or accrued in accounts receivable. The portion of accounts receivable not expected to be collected is offset by an allowance for doubtful accounts, estimated based on historical experience and in accordance with GAAP requirements. At June 30, 2019, the allowance for doubtful accounts was zero.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

Inventories

Inventories are valued at cost using the first-in, first-out method. If inventory falls below cost due to damage, deterioration, or obsolescence, the Authority establishes an allowance for obsolete inventory. The Authority relies upon its periodic (annual) inventory for financial reporting purposes. In accordance with consumption methods, inventory is expensed when items are actually placed in service. At June 30, 2019, the estimated obsolete inventory was zero.

Capital Assets and Maintenance and Repairs Expenses

All purchased capital assets are valued at cost when historical records are available. When no historical records are available, capital assets are valued at estimated historical cost.

Donated capital assets are recorded at acquisition value at the date of donation. Acquisition value is the price that the Authority and PHDC would have paid to acquire an asset with equivalent service potential in an orderly market transaction at the acquisition date.

All normal expenses of preparing an asset for use are capitalized.

Pursuant to GAAP, the cost of buildings and equipment is depreciated over the estimated useful lives of the related assets on a composite basis using the straight-line method.

Depreciation commences on modernization and development additions in the year placed in service.

The useful lives of the Authority's buildings and equipment for purposes of computing depreciation are as follows:

| Buildings | 40 years |
|-------------------------------------|------------|
| Building modernizations | 15 years |
| Furniture, equipment, and machinery | 5-10 years |

PHDC's depreciation is computed using the straight-line method over the estimated useful lives of the related assets, ranging from 5 - 40 years.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

Maintenance and repairs expenses are charged to operations when incurred. Effective January 1, 2012, betterments in excess of \$5,000 are capitalized. Prior to January 1, 2012, betterments in excess of \$2,000 were capitalized. When buildings and equipment are sold or otherwise disposed of, the asset account and related accumulated depreciation account are relieved, and any gain or loss is reported as non-operating activity.

Impairment of Long-Lived Assets

The Authority and PHDC evaluate the carrying value of long-lived assets. When indications of an impairment are present, the recoverability of the carrying value of the assets in question are assessed based on the future undiscounted cash flows expected to result from their use. If the carrying value cannot be recovered, impairment losses would be recognized to the extent the carrying value exceeds fair value. The Authority does not have any impairments at June 30, 2019. PHDC does not have any indications of impairment at December 31, 2018.

Investment in Joint Venture

PHDC has an investment in the Palmyra Partnership. As general partner, PHDC uses the equity method of accounting for the investment and, as such, does not recognize losses in excess of the equity. The investment is increased by contributions and income from the Palmyra Partnership and decreased by distributions and losses incurred by the Palmyra Partnership. As of December 31, 2018, PHDC's equity in the Palmyra Partnership was \$22,110.

Deferred Inflows and Outflows of Resources Related to OPEB

In conjunction with OPEB accounting requirements, the effect of the differences between expected and actual experience, changes of assumptions, and payments made to the Authority's plan subsequent to the measurement date are recorded as deferred inflows or outflows of resources for OPEB. These amounts are determined based on the actuarial valuation performed for the Authority's OPEB plan.

Compensated Absences

The Authority uses the vesting method for the recording of compensated absences, whereby benefits are accrued at the statement of net position date for which payment is probable.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

Unused employee vacation and personal time is accumulated and paid upon resignation, retirement, or termination. The amount of the compensated absence liability is accrued and expensed as earned. Unused sick leave is not paid and, therefore, is not subject to accrual.

Non-Interest-Bearing Loans

Non-interest-bearing loans are measured by the cash proceeds exchanged when no other right or privilege is given. As such, no interest is imputed on the Sixth and Willow Partnership loans or the Annville Partnership loans.

Classification of Net Position

Net Position is classified into three components – net investment in capital assets; restricted; and unrestricted. These classifications are defined as follows:

- Net investment in capital assets This component of net position consists of capital assets net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of these assets.
- Restricted This component of net position consists of net position with limits on its use that are externally imposed (in the Authority's case, by the grantor). For PHDC, external restrictions are imposed by the Regulatory Agreements of the Sixth and Willow Partnership and the Annville Partnership, both with PHFA. PHDC funds are required to be set aside for replacement of property and payment of real estate taxes and insurance.
- Unrestricted This component of net position consists of net position that does not meet the definition of "restricted" or "net investment in capital assets."

Sometimes the Authority will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the financial statements, a flow assumption must be made about the order in which resources are considered to be applied. It is the Authority's and PHDC's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

Risk Management

Significant losses are covered by commercial insurance for all major programs. For insured programs, there have been no significant reductions in insurance coverage. Settlement amounts have not exceeded insurance coverage except for deductibles for the current year or the three prior years.

Fair Value of Financial Instruments

The carrying amount of the Authority's financial instruments at June 30, 2019 including cash, accounts receivable, accounts payable, and long-term debt closely approximates fair value.

Annual Contribution Contracts

Annual contribution contracts provide that HUD shall have the authority to audit and examine the records of public housing authorities. Accordingly, final determination of the Authority's financing and contribution status for the annual contribution contracts is the responsibility of HUD, based upon financial reports submitted by the Authority.

Pending Change in Accounting Principles

In June of 2017, the GASB issued Statement No. 87, *"Leases."* This Statement improves the accounting and financial reporting for leases. The provisions of GASB Statement No. 87 are effective for the Authority's June 30, 2021 financial statements.

The effect of implementation of this Statement has not yet been determined.

2. Deposits and Investments

Housing Authority of the County of Lebanon

Deposits

Statutes allow the Authority to invest in certain authorized investment types including U.S. Treasury bills, other short-term U.S. government obligations, short-term commercial paper issued by a public corporation, banker's acceptances, insured or collateralized time deposits, and certificates of deposit. The Authority's depositories are required by statute to continuously and fully secure all deposits in excess of the amounts insured under federal or state plans by the deposit or setting aside of collateral of the types, and in the manner as is prescribed by state law for the security of public funds. Such collateral shall at all times be of a market value at least equal to the amount of deposits so secured.

The following is a description of the Authority's deposit risks:

Custodial Credit Risk – Custodial credit risk is the risk that in the event of a bank failure, the Authority's deposits may not be returned to it. The Authority does not have a formal deposit policy for custodial credit risk.

As of June 30, 2019, the Authority's book balance was \$5,027,427 and the bank balance was \$5,017,587. Of the bank balance, \$256,069 was insured by the Federal Deposit Insurance Corporation (FDIC). The remaining bank balance of \$4,761,518 was collateralized under Act No. 72 (Act) of the 1971 Session of the Pennsylvania General Assembly, in which financial institutions were granted the authority to secure deposits of public bodies by pledging a pool of assets, as defined in the Act, to cover all public funds deposited in excess of federal depository insurance limits and to have the collateral held by an approved custodian in the institution's name.

Included in the deposit amounts in the preceding paragraph is \$179,045 of Tenant Security Deposit funds, \$39,259 of Section 8 Housing choice voucher funds, and \$6,069 of restricted bond proceeds, which are classified as restricted cash on the statement of net position.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

Palmyra Housing Development Corporation

Custodial Credit Risk – PHDC does not have a formal deposit policy for custodial credit risk. As of December 31, 2018, PHDC's book and bank balances were \$197,425 and \$195,116, respectively. The entire bank balance was insured by the FDIC at December 31, 2018.

3. Restricted Deposits and Funded Reserves

Under the terms of the Regulatory Agreement, the Sixth and Willow Partnership and the Annville Partnership are required to set aside specified amounts for the replacement of property and other project expenditures. The restricted deposits are invested in direct U.S. Government and U.S. Government Agency securities and AAA rated money market funds. The monies for all projects are invested as a pool to attain the maximum yield, and the interest is allocated back to each project based on its percentage of the whole. Funds are held in a commingled federally insured account, at times, whereby the account balance exceeds the federal insurance limits. As of December 31, 2018, restricted deposits and funded reserves amounted to \$428,781 for the Sixth and Willow and the Annville Partnerships. The deposits and reserves are held in separate accounts in trust and generally are not available for operating purposes.

Real estate tax and insurance escrow accounts are held by PHFA for future payments of real estate taxes and insurance. The reserve for replacement account is held by PHFA and funded monthly in an amount determined by PHFA. During the year ended December 31, 2018, there were no withdrawals from the reserve for replacement account for the Sixth and Willow Partnership.

Fair Value of Financial Instruments

As of December 31, 2018, all of the Sixth and Willow Partnership and the Annville Partnership's restricted deposits and funded reserves are classified as Level 2 instruments.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

4. Related Party Transactions

PHDC has a loan receivable from the Palmyra Partnership. The loan is unsecured, interestfree, and was due on May 9, 2011, the anniversary date representing 15 full years of occupancy of the premises secured by this loan. Thereafter, principal is due in annual installments on March 31 of each year to the extent that net operating revenues for the preceding year exceed net operating expenses plus debt service on any loans by PHFA to the Palmyra Partnership paid during the year by the Palmyra Partnership. All unpaid principal is due and payable as a balloon payment on November 15, 2024, thirty years from the date of this loan. No payments were required on the loan during the year ended December 31, 2018. At December 31, 2018, the loan receivable is presented as an other asset on the statement of net position and amounted to \$210,000.

The loan is subject to prepayment at the direction of HUD or the Public Housing Finance Agency, in the event that HUD should impose administrative sanctions upon the Authority which would have the effect of reducing the payment of capital funds to the Authority in any year by more than 20% or at the discretion of PHFA in the event there is an event of default by the Authority. The amount of the prepayment will not exceed the unexpended proceeds of the loan less amounts already obligated for the payment of eligible costs relating to the Authority less the amounts needed to be maintained in the Authority's liquidity account in order to meet the Authority's liquidity account requirement.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

Based on the repayment terms disclosed below, maturity dates cannot be estimated.

PHFA loaned the Sixth and Willow Partnership \$791,644 in 1990 under the Home Program. In 2005, the primary note of \$198,777 was refinanced into the Support Note. Under the terms of the new Support Note, there is no interest due or payable. Payment of principal shall be made from surplus revenues over expenses generated by the Sixth and Willow Partnership during any calendar year as may be provided for in the PHFA regulatory agreement prior to repayment of subordinate project financing and prior to any distribution to the Sixth and Willow Partnership as return on equity. As long as the Support Note remains outstanding, in the event there is a surplus of revenues over expenses in any calendar year, 50% of excess revenue shall repay the Support Note and the other 50% shall be paid to the Sixth and Willow Partnership as return on equity. Any unpaid balance will be due at the earlier of any default under the loan agreement, sale of the project, refinancing of the project or termination of the project.

During the year ended December 31, 2017, the Sixth and Willow Partnership made the \$11,600 principal payment and a \$11,600 return on equity distribution to its partners.

The PHFA loan is collateralized by the property, plant, and equipment of the Sixth and Willow Partnership.

The PHFA has issued a Penn HOMES Loan commitment to the Annville Partnership in the approximate amount of \$534,534 (Penn HOMES Loan) to be utilized as a permanent first mortgage. Principal payments on this non-interest-bearing note shall only be made from surplus of revenues over expenses generated by the project during any calendar year, applying 50% of such excess to the principal of the Penn HOMES Loan and 50% to distributions to the Partners. Any unpaid balance will be due at the end of the thirty (30) year term. As of December 31, 2018, the balance of the Penn HOMES Loan was \$441,048.

A second mortgage in a no-interest loan of \$2,500 from the Redevelopment Authority of the County of Lebanon (RACL) was made to the Annville Partnership using proceeds from Community Development Block Grant (CDBG) funds (CDBG Loan). No payment on the CDBG Loan is due until the Penn HOMES Loan has been repaid in full. Thereafter, principal shall be due in annual installments on March 31 of each year to the extent that net operating revenues for the preceding year exceed net operating expenses plus any debt service on the Penn HOMES Loan paid during the preceding year. Any unpaid balance is due at the end of the thirty-two (32) year term.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

A third mortgage loan in the amount of \$200,000, obtained from RACL using County of Lebanon Act 137 funds, was made to the Annville Partnership. The RACL Act 137 Loan bears no interest and has terms identical to the RACL CDBG Loan.

The fourth mortgage in the amount of \$66,000 from the general partner (GP) (NPHDC), using proceeds received as a donation from Wachovia (GP Loan), was made to the Annville Partnership. The GP Loan will accrue interest, compounded annually, at a 1% rate for thirty (30) years beginning October 1999. As of December 31, 2018, the GP Loan balance was \$79,973 and included \$13,973 of accrued and compounded interest. Principal payment due on the loan will be paid out at the end of the 30-year term.

The mortgage loans are collateralized by the property, plant, and equipment of the Annville Partnership.

7. Pension Plan

The Authority has established a defined contribution pension plan and contributes 10.5% of annual base salary for eligible employees. Plan provisions and contribution amounts can be modified at the discretion of the Board of Directors. For the year ended June 30, 2019, the Authority's 10.5% portion amounted to approximately \$112,453, which has been charged to the employee fringe benefit account.

8. Other Post-Employment Benefit Plan

Plan Description

In addition to the pension benefits described in Note 7, the Authority provides certain postemployment healthcare benefits to its retirees through one single-employer, defined benefit other post-retirement benefit (OPEB) plan, which the Authority shares with the RACL. OPEB liabilities are calculated for the individual employee for each entity. Deferred outflows and deferred inflows are allocated based on the respective employer group. This OPEB plan does not issue a separate report.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

Eligibility of Benefits

All employees are eligible for coverage upon retirement after attainment of age 62 and completion of 30 years of service.

Benefits Payable Upon Retirement

An eligible retiree may receive medical and prescription drug coverage until the retiree attains Medicare age. The retiree is not required to make any contributions toward the cost of the benefit. Spouses of eligible retirees are not eligible for benefits under this plan.

There is one retiree who is receiving lifetime medical and prescription drug coverage for himself and his spouse under a grandfathered provision. Fifty percent of the cost of this retiree's coverage is paid by the Authority and the remaining fifty percent is paid by the RACL.

Plan Membership

At July 1, 2017, the following employees were covered by the benefit terms:

| Vested former participants | - |
|----------------------------|----|
| Retired participants | 2 |
| Active participants | 26 |
| | 28 |

Proportionate Share

The Authority's proportion of the OPEB liability was determined based on individual calculations for each Authority employee. At June 30, 2019, the Authority reported a liability of \$256,724 for its share of the OPEB liability.

Contributions

The Authority's contribution is based on projected pay-as-you-go financing requirements. The Authority funded the OPEB contributions and will continue to fund the annual OPEB costs on a pay-as-you-go basis. For the year ended June 30, 2019, the Authority contributed \$26,539 to the OPEB plan.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

OPEB Liabilities, OPEB Expense, and Deferred Outflows and Inflows of Resources Related to OPEB

At June 30, 2019, the Authority reported an OPEB liability of \$256,724. The OPEB liability was measured as of July 1, 2018, and the total OPEB liability used to calculate the Authority's proportionate share of the OPEB liability was determined by an actuarial valuation as of July 1, 2017.

For the year ended June 30, 2019, the Authority recognized OPEB expense of \$13,956.

At June 30, 2019, the Authority reported deferred outflows and inflows of resources related to OPEB from the following sources:

| Deferred Outflows of Resources for OPEB | |
|--|--------------|
| Differences between expected and actual experience | \$ 481 |
| Contributions subsequent to the measurement date | 26,539 |
| Total deferred outflows of resources for OPEB | \$ 27,020 |
| Deferred Inflows of Resources for OPEB | |
| Differences between expected and actual experience | \$ 43,028 |
| Changes of assumptions | 10,552 |
| | |

Deferred outflows of resources related to Authority OPEB contributions subsequent to the measurement date totaling \$26,539 will be recognized as a reduction of the OPEB liability in the year ending June 30, 2020. Other amounts reported as deferred outflows and inflows of resources for OPEB will be recognized in OPEB expense as follows:

| 2020 | \$ (4,088) |
|------------|----------------|
| 2021 | (4,088) |
| 2022 | (4,088) |
| 2023 | (4,088) |

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

Actuarial Methods and Assumptions

The following methods and assumptions were used in the July 1, 2017 actuarial valuation. These methods and assumptions were applied to all periods included in the measurement period:

| Actuarial cost method | Entry age normal |
|--|---|
| Amortization method | Level percent of payroll, 14-year open amortization (fresh start each year) |
| Investment rate of return | 2.98% |
| Projected salary increases Mortality rate | Average increase of 3.00% Projected RP-2014 Total Mortality Tables projected generationally using Scale MP-2017 to reflect mortality improvement |
| Healthcare trend increases: | 6.0% in 2017 and 2018, and 5.5% in 2019 through 2021. Rates gradually decrease from 5.4% in 2022 to 3.8% in 2075 and later based on the Society of Actuaries Long-Run Medical Cost Trend Model. |

Changes in Actuarial Assumptions

The interest rate was changed from 3.13% to 2.98%. The healthcare cost trend rates were also updated.

Discount Rate

The discount rate used to measure the total pension liability was 2.98%. The discount rate represents the S&P Municipal Bond 20-year High Grade Rate Index at July 1, 2018. Since the OPEB plan has insufficient assets to meet projected benefit payments, the municipal bond rate was applied to all periods of the projected benefit payments to determine the total OPEB liability. The projection of cash flows used to determine the single discount rate for each measurement period assumed that employer contributions will be made based on the current funding policy for future years.

9. Commitments and Contingencies

There are no outstanding commitments and contingencies for year ended June 30, 2019.

In September 2019, the Authority entered into agreements for architectural improvements at Gloninger Meadows and Cedar Court for total contracted amount of \$169,641, and for curb and sidewalk replacement work at Washington Arms for a total contracted amount of \$99,500.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

The Authority's grant programs are subject to review by the funding sources. Such reviews could result in amounts that may require repayment upon final settlement. No such reviews are currently underway. The Authority is unable to estimate the amount of repayment, if any, that may be required as a result of potential audits. No material repayments are anticipated by management.

10. Economic Dependency

The Authority is economically dependent on receiving operating subsidies and grant funding from HUD. The Authority's ability to maintain or improve operations would be severely impacted by a material reduction in HUD funds. No material reductions in Section 8 operating subsidies are anticipated by management for fiscal year 2020.

11. Transactions with Redevelopment Authority

The Authority purchases certain services and payroll related costs from the RACL, on an asneeded basis. The RACL also purchases certain services and payroll-related costs from the Authority. At June 30, 2019, the Authority is due \$309,510 from the RACL and \$83,224 is due to the RACL.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION – OPEB

YEAR ENDED JUNE 30, 2019

1. Changes of Assumptions

Since the Authority has insufficient assets to meet future years' projected benefit payments, as prescribed by Governmental Accounting Standards Board (GASB) Statement Nos. 74 and 75, the discount rate will be based on the S&P Municipal Bond 20-year High Grade Rate Index at July 1, 2018. The discount rate was 2.98% as of June 30, 2019 and 3.13% as of June 30, 2018. The healthcare cost trend rates were also updated.

2. Factors and Trends Used in the Actuarial Valuation for OPEB Benefits

The following actuarial methods and assumptions were used to determine contribution rates reported in the OPEB required supplementary schedules:

| Actuarial cost method | Entry age normal |
|--|---|
| Amortization method | Level percent of payroll, 14-year open amortization (fresh start each year) |
| Investment rate of return | 2.98% |
| Projected salary increases Mortality rate | Average increase of 3.00% Projected RP-2014 Mortality Tables projected generationally using Scale MP-2017 to reflect mortality improvement |
| Healthcare trend increases: | 6.0% in 2017 and 2018, and 5.5% in 2019 through 2021. Rates gradually decrease from 5.4% in 2022 to 3.8% in 2075 and later based on the Society of Actuaries Long-Run Medical Cost Trend Model. |

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

YEAR ENDED JUNE 30, 2019

1. Basis of Accounting

The accompanying Schedule of Expenditures of Federal Awards (Schedule) for the year ended June 30, 2019 includes the federal grant activity of the Housing Authority of the County of Lebanon (Authority) and is presented using the accrual basis of accounting. Because the Schedule presents only a selected portion of the operations of the Authority, it is not intended to and does not present the net position, changes in net position, or cash flows of the Authority.

2. Summary of Significant Accounting Policies

The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

The Authority has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

Board of Directors Housing Authority of the County of Lebanon We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United

States, the financial statements of the business-type activity and the discretely presented component unit of the Housing Authority of the County of Lebanon (Authority), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated January 14, 2020. The financial statements of the Palmyra Housing Development Corporation of Lebanon County, Inc. were not audited in accordance with *Government Auditing Standards* and, accordingly, this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with the Palmyra Housing Development Corporation of Lebanon County, Inc.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during

our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance for Each Major Program and on Internal Control over Compliance Required by the Uniform Guidance

Board of Directors Housing Authority of the County of Lebanon

Report on Compliance for Each Major Federal Program

We have audited the Housing Authority of the County of Lebanon's (Authority) compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on each of the Authority's major federal programs for the year ended June 30, 2019. The Authority's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Authority's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Authority's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Authority's compliance.

Board of Directors Housing Authority of the County of Lebanon Independent Auditor's Report on Compliance for Each Major Program

Opinion on Each Major Federal Program

In our opinion, the Authority complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

Report on Internal Control over Compliance

Management of the Authority is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Authority's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency or a combination of deficiencies that is less severe than a material weakness in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. Board of Directors Housing Authority of the County of Lebanon Independent Auditor's Report on Compliance for Each Major Program

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
